6. Resolution on the cancellation of the authorized capital in Sec. 4 para. (4) of the Articles of Association and on the creation of a new Authorized Capital 2022/I with the possibility of excluding shareholders' subscription rights and the corresponding amendment to the Articles of Association

The Annual General Meeting on June 10, 2021 resolved on the creation of authorized capital in the amount of EUR 9,812,988.00 in Sec. 4 para. (4) of the Articles of Association (Authorized Capital 2021/I). The authorization of the Management Board has not yet been utilized.

In order to provide the Management Board with the greatest possible flexibility regarding the further development of the Company, a new authorized capital (Authorized Capital 2022/I) shall be created in Sec. 4 para. (4) of the Articles of Association for a term of five years while canceling the currently existing Authorized Capital 2021/I in Sec. 4 para. (4) of the Articles of Association. This Authorized Capital is to be higher by EUR 981.298,00 than the previously existing Authorized Capital 2021/I.

The Management Board and Supervisory Board therefore propose that the following resolution be adopted:

a) Cancellation of the existing Authorized Capital 2021/I in Sec. 4 para. (4) of the Articles of Association

The authorization of the Management Board in Sec. 4 para. (4) of the Articles of Association to increase the Company's share capital until June 9, 2026 with the approval of the Supervisory Board by issuing up to 9,812,988 new no-par-value shares against cash contributions once or several times by up to EUR 9,812,988.00 (Authorized Capital 2021/I) shall be canceled with effect from the registration of the Authorized Capital 2022/I, provided that the Authorized Capital 2021/I has not yet been utilized at the time of the registration of such cancellation.

b) Creation of a new Authorized Capital 2022/I in Sec. 4 para. (4) of the Articles of Association

The Management Board is authorized, with the approval of the Supervisory Board, to increase the Company's share capital once or several times by a total of up to EUR 10,794,286.00 by issuing up to 10,794,286 new no-par-value shares against cash and/or non-cash contributions until June 22, 2027(Authorized Capital 2022/I).

Shareholders must be granted subscription rights in principle. The subscription rights may also be granted to the shareholders indirectly in accordance with Sec. 186 para. (5) AktG. The Management Board is also authorized, with the approval of the Supervisory Board, to exclude shareholders' subscription rights in the following cases:

- to exclude fractional amounts from the shareholders' subscription rights;

- in the event of capital increases against contributions in kind for the (also indirect) acquisition of companies, parts of companies or interests in companies, other essential operating resources or other assets, including claims against the Company or its group companies;
- in the case of capital increases against cash contributions, if the issue price of the new shares is not significantly lower than the stock market price at the time the issue price is determined and the shares issued under exclusion of the subscription rights in accordance with Sec. 203 para. (1) and (2), 186 para. (3) sentence 4 AktG may not exceed the limit of 10% of the share capital either at the time the authorization becomes effective or – if this value is lower – at the time the authorization is exercised. Shares that were issued or are to be issued to service option bonds or convertible bonds during the term of this authorization up to the point in time at which they were used are to be counted towards the maximum limit, if the bonds were issued under exclusion of the subscription rights pursuant to Sec. 186 para. (3) sentence 4 AktG, as well as treasury shares that were acquired on the basis of an authorization in accordance with Sec. 71 para. (1) no. 8 AktG and sold under exclusion of the shareholders' subscription rights pursuant to Sec. 186 para. (3) sentence 4 AktG;
- insofar as this is necessary to grant holders of conversion and/or option rights outstanding at the time of utilization of the Authorized Capital 2022/I or of a conversion obligation arising from convertible and/or option bonds already issued or to be issued in the future by the Company or its group companies a subscription right to new shares to the extent to which they would be entitled as shareholders after exercising the conversion and/or option rights or after fulfillment of a conversion obligation;
- to carry out a scrip dividend in which the shareholders are offered the option of paying their dividend entitlement (in whole or part) as a contribution in kind against the granting of new shares from the Authorized Capital 2022/I.

The Management Board is authorized, with the approval of the Supervisory Board, to determine the further content of the share rights and the conditions of the share issue as well as the further details of the capital increase and its implementation.

The dividend entitlement of the new shares may also be structured in deviation from Sec. 60 para. (2) AktG; in particular, the new shares may also carry dividend rights from the beginning of the financial year preceding their issue if, at the time of issue of the new shares, a resolution by the Annual General Meeting on the appropriation of profits for that financial year has not yet been passed.

The Supervisory Board is authorized to adapt the wording of the Articles of Association after the increase in the share capital has been carried out in full or in part in accordance with the respective utilization of the authorized capital and, if the authorized capital has not been or not fully used by June 22, 2027, after the expiry of the authorization period.

c) Sec. 4 para. (4) of the Articles of Association is amended and restated as follows:

“(4) The Management Board is authorized, with the approval of the Supervisory Board, to increase the Company's share capital once or several times by a total of up to EUR 10,794,286.00 (in words: Euro ten million seven hundred and ninety-four thousand two hundred eighty-six) by issuing up to 10,794,286 new no-par-value shares against cash and/or non-cash contributions until June 22, 2027(Authorized Capital 2022/I).

Shareholders must in principle be granted subscription rights. The subscription rights may also be granted to the shareholders indirectly in accordance with Sec. 186 para. (5) AktG. The Management Board is also authorized, with the approval of the Supervisory Board, to exclude shareholders' subscription rights in the following cases:

- *to exclude fractional amounts from the shareholders' subscription rights;*
- *in the event of capital increases against contributions in kind for the (also indirect) acquisition of companies, parts of companies or interests in companies, other essential operating resources or other assets, including claims against the Company or its group companies;*
- *in the case of capital increases against cash contributions, if the issue price of the new shares is not significantly lower than the stock market price at the*

time the issue price is determined and the shares issued under exclusion of the subscription rights in accordance with Sec. 203 para. (1) and (2), 186 para. (3) sentence 4 AktG may not exceed the limit of 10% of the share capital either at the time the authorization becomes effective or – if this value is lower – at the time the authorization is exercised. Shares that were issued or are to be issued to service option bonds or convertible bonds during the term of this authorization up to the point in time at which they were used are to be counted towards the maximum limit, if the bonds were issued under exclusion of the subscription rights pursuant to Sec. 186 para. (3) sentence 4 AktG, as well as treasury shares that were acquired on the basis of an authorization in accordance with Sec. 71 para. (1) no. 8 AktG and sold under exclusion of the shareholders' subscription rights pursuant to Sec. 186 para. (3) sentence 4 AktG;

- *insofar as this is necessary to grant holders of conversion and/or option rights outstanding at the time of utilization of the Authorized Capital 2022/I or of a conversion obligation arising from convertible and/or option bonds already issued or to be issued in the future by the Company or its group companies a subscription right to new shares to the extent to which they would be entitled as shareholders after exercising the conversion and/or option rights or after fulfillment of a conversion obligation;*
- *to carry out a scrip dividend in which the shareholders are offered the option of paying their dividend entitlement (in whole or part) as a contribution in kind against the granting of new shares from the Authorized Capital 2022/I.*

The Management Board is authorized, with the approval of the Supervisory Board, to determine the further content of the share rights and the conditions of the share issue as well as the further details of the capital increase and its implementation. The dividend entitlement of the new shares may also be structured in deviation from Sec. 60 para. (2) AktG; in particular, the new shares may also carry dividend rights from the beginning of the financial year preceding their issue if, at the time of issue of the new shares, a resolution by the Annual General Meeting on the appropriation of profits for that financial year has not yet been passed.

The Supervisory Board is authorized to adapt the wording of the Articles of Association after the increase in the share capital has been carried out in full or in part in accordance with the respective utilization of the authorized capital and, if the authorized capital has not been or not fully used by 9 June 2026, after the expiry of the authorization period.”

7. Resolution on the amendment of Section 7 of the Articles of Association

Currently Section 7 of the Articles of Association contains a provision for the possible establishment of an Advisory Board for the Company. Such an Advisory Board is currently not established. In order to simplify the Articles of Association, Section 7 is therefore to be abolished and left empty for the time being.

The Management Board and the Supervisory Board therefore propose that the Annual General Meeting resolve to remove the Paragraphs 1, 2 and 3 of Section 7 of the Articles of Association without replacement and that the Section 7 be headed “vacant for the time being” instead of “Advisory Board”.

8. Resolution on the amendment to the Articles of Association in Section 8 para. (5)

Section 8 para. (5) of the Articles of Association currently has the following wording:

“(5) Each member of the supervisory board may resign from his office by written declaration to the chairman of the supervisory board or the executive board, subject to a period of notice of one month, even without good cause. With the consent of the chairman of the supervisory board, it can be refrained from observing this period. The right to resign with good cause is not infringed upon.”

This provision enables the ordinary members of the Supervisory Board to resign without complying with the one-month notice period, subject to the approval of the Chairman of the Supervisory Board. A provision for such a reduction of the notice period in case the Chairman of the Supervisory Board resigns is however missing. For this reason, an equivalent provision is to be created that makes the Chairman’s resignation

without notice dependent on the approval of the vice chairman of the Supervisory Board.

The Management Board and the Supervisory Board therefore propose that the Annual General Meeting shall resolve to amend Section 8 para. (5) of the Articles of Association and restate it as follows:

“(5) Each member of the supervisory board may resign from his office by written declaration to the chairman of the supervisory board or the executive board, subject to a period of notice of one month, even without good cause. With the consent of the chairman of the supervisory board – in case of the resignation of the chairman with consent of the vice chairman, this notification period may be waived. The right to resign with good cause is not infringed upon.”

Section 8 of the Articles of Association remains otherwise unchanged.

9. Resolution concerning an adjustment of the attendance fee and the corresponding amendment to Section 13 of the Articles of Association

In order to ensure that the Company continues to be able to find qualified members for the Supervisory Board, the attendance fee is to be adjusted to the increased requirements for the members of the Supervisory Board.

The Management Board and the Supervisory Board therefore propose that the Annual General Meeting shall resolve to amend Section 13 para. (3) of the Articles of Association and restate it as follows:

”(3) For attending a session of the Supervisory Board that is held by telephone or video call, the members of the Supervisory Board receive an attendance fee in the amount of EUR 1,500.00. For attending a session of the Supervisory Board that is held with the physical presence of its members, the members of the Supervisory Board receive an attendance fee in the amount of EUR 3,000.00.”

Section 13 of the Articles of Association remains otherwise unchanged.

10. Resolution concerning an amendment of Section 19 para. (1) of the Articles of Association

Considering the required majorities, the Management Board and the Supervisory Board recommend that a clarifying provision be included in Section 19 para. (1) of the Articles of Association, which states that resolutions concerning capital increases only require a simple majority in accordance with the enabling provision of Section 182 para. (1) sent. 2 AktG.

Section 19 para. (1) of the Articles of Association currently has the following wording:

“(1) The resolutions of the general meeting shall require the simple majority of the votes cast unless otherwise prescribed by law. In cases in which the applicable law requires a majority of the share capital represented at the adoption of the resolution, the simple majority of the share capital represented shall be sufficient, unless a higher majority is prescribed by law. In the event of a tie, a resolution shall be deemed to be rejected. Abstentions shall not be deemed to be votes cast.”

The Management Board and the Supervisory Board propose that the Annual General Meeting shall resolve to include in Section 19 para. (1) of the Articles of Association a new sent. 3 after the current sent. 2 with the following wording:

“Resolutions concerning capital increases (Section 182 AktG) of the Company are also decided by simple majority, unless the law requires a larger majority.”

Through the amendment, the current sent. 3 will become the new sent. 4, the current sent. 4 will become the new sent. 5. Section 19 of the Articles of Association remains otherwise unchanged.

II. Reports and notifications to the Annual General Meeting

Report of the Management Board to the Annual General Meeting on the authorizations to exclude subscription rights pursuant to Sec. 203 para. (1) and (2) sentence 2 in conjunction with Sec. 186 para. (4) sentence 2 AktG mentioned under item 6 of the Agenda

Under agenda item 6, the Management Board and the Supervisory Board propose the cancellation of the Authorized Capital 2021/I and the creation of a new Authorized Capital 2022/I in the amount of EUR 10,794,286.00 for the statutory maximum period of five years.

This Authorized Capital 2022/I shall provide a flexible option for raising additional equity if this is in the Company's interests according to the Management Board and with the approval of the Supervisory Board. The new authorized capital is intended to expand the scope for action in the interests of the shareholders and to enable the Company to respond at short notice to financing requirements that may arise. The requested authorization replaces the previously existing authorization. This ensures that the Management Board, acting with the Supervisory Board's approval, has the greatest possible flexibility in utilizing the Authorized Capital.

In the event of a capital increase, the shareholders generally have a statutory subscription right. However, the Management Board is to be authorized, with the approval of the Supervisory Board, to exclude this subscription right in certain cases. The report submitted by the Management Board in this regard is published as follows:

1. Exclusion of subscription rights for fractional amounts

The Management Board is to be authorized, with the approval of the supervisory board, to exclude fractional amounts that arise as a result of the subscription ratio from the shareholders' subscription rights to facilitate processing. This should result in a practicable subscription ratio with regard to the amount of the respective capital increase. Without the exclusion of subscription rights with regard to the fractional amount, the technical implementation of the capital increase and the exercise of subscription rights would be considerably more difficult. The new shares excluded from the shareholders' subscription rights as free fractions will be used for the Company.

2. Exclusion of subscription rights in the event of a capital increase against contribution in kind

The authorization to exclude subscription rights in the case of capital increases against contributions in kind for the purposes mentioned is intended to enable the Company to have treasury shares available in order to offer them as consideration when acquiring (also indirectly) companies, parts of companies or a stake in a company or other essential operating resources or assets, including claims against the Company or group companies. The authorization to issue shares as part of a capital increase is intended to give the Company greater scope for financing the acquisition of companies, parts of companies or an interest in a company or other significant operating resources or assets. This form of acquisition financing is frequently required and used in international competition and as the globalization of the economy progresses, especially in times when it is more difficult to obtain outside capital. The proposed authorization is intended to give the Company the necessary room for maneuver to be able to flexibly and quickly take advantage of opportunities that may arise to acquire companies, parts of companies or a stake in a company or other significant operating resources or assets, including claims against the Company or group companies. A capital increase by resolution of the Annual General Meeting will usually not be possible in the short-term if acquisition opportunities become apparent. This is taken into account by the proposed creation of the authorized capital excluding subscription rights in the case of contributions in kind for the acquisition of companies, parts of companies or a stake in a company or other essential operating resources or assets, including claims against the Company or group companies. When shares are issued without the exclusion of subscription rights, the exercise of subscription rights does not lead to a reduction in the relative participation quota and the relative proportion of voting rights of the existing shareholders. In the case of an exclusion of subscription rights, on the other hand, the relative participation quota and the relative voting rights share of the existing shareholders will be reduced. If subscription rights were granted, however, the acquisition of companies, parts of companies or a stake in a company or other essential operating resources or assets, including claims against the Company or group companies, against the granting of shares would not be possible and thus for the Company and the shareholder these benefits would not be achievable. Whether this authorization should be exercised with the exclusion of subscription rights will be

checked on a case-by-case basis. There are currently no specific acquisition projects for which this option is to be used. The Management Board will only use the Authorized Capital 2022/I, should an acquisition opportunity become concrete, and the Supervisory Board will only give its approval, if such an acquisition is in the best interest of the Company.

3. Exclusion of subscription rights for cash capital increases in accordance with Sec. 186 para. (3) sentence 4 AktG

Pursuant to Sec. 186 para. (3) sentence 4 AktG, subscription rights may be excluded in particular if the capital increase against cash contributions does not exceed 10% of the capital stock and the issue price is not significantly lower than the stock market price. This authorization to exclude subscription rights enables the management to take advantage of opportunities that may arise quickly and flexibly as well as cost-effectively due to the respective stock market situation. This enables the management to raise new equity at short notice and close to the stock market price, thus strengthening the equity base. Furthermore, capital requirements arising from the short-term exploitation of market opportunities can also be covered quickly and flexibly. It is thus in the well-understood interests of the Company and the shareholders. Such cash capital increases are also capped at 10% of the share capital, which takes into account the need of shareholders to be protected against excessive dilution of their shareholdings. This 10% limit pursuant to Art. 186 para. (3) sentence 4 AktG shall include shares that were issued or are to be issued to service option bonds or convertible bonds during the term of this authorization up to the point in time at which they were used are to be counted towards the maximum limit, if the bonds were issued under exclusion of the subscription rights in accordance with Sec. 186 para. (3) sentence 4 AktG, as well as treasury shares that were acquired on the basis of an authorization in accordance with Sec. 71 para. (1) no. 8 AktG and sold under exclusion of the shareholders' subscription rights in accordance with Sec. 186 para. (3) sentence 4 AktG.

4. Exclusion of subscription rights for option bonds and convertible bonds

In addition, the subscription rights should be excluded with the approval of the Supervisory Board, insofar as it is necessary in order to also be able to give the holders of existing and future option bonds and/or convertible bonds a subscription right to new

shares if the terms and conditions of the respective bond provide for this. In order to facilitate placement on the capital market, such bonds are generally equipped with an anti-dilution mechanism, which provides that, in the event of subsequent share issues with shareholder subscription rights, the holders may be granted subscription rights to new shares instead of a reduction in the option or conversion price, as is also the case with shareholders. They are thus placed in the same position as if they had already exercised their option or conversion rights or if a conversion obligation had been fulfilled. This has the advantage that the Company – in contrast to protection against dilution by reducing the option or conversion price – can achieve a higher issue price for the shares to be issued upon conversion or exercise of the option.

5. Exclusion of subscription rights for the purpose of implementing a scrip dividend

The Management Board shall also be authorized, with the approval of the Supervisory Board, to exclude the statutory subscription rights of shareholders in order to be able to implement a dividend under optimum conditions. In the case of the scrip dividend, the shareholders are offered the option that the dividend be paid out as a contribution in kind to the Company in order to purchase new shares in the Company.

A scrip dividend can be carried out as a real subscription rights' issue, in particular in compliance with the provisions of Sec. 186 para. (1) AktG (minimum subscription period of two weeks) and Sec. 186 para. (2) AktG (notification of the issue amount no later than three days before the subscription period expires). Shareholders are only offered whole shares for subscription; with regard to the portion of the dividend entitlement that does not reach (or exceeds) the subscription price for a whole share, the shareholders are referred to the cash dividend and cannot subscribe to any shares in this respect; an offer of partial rights is just as little intended as the establishment of trading in subscription rights or fractions thereof. Because the shareholders receive a cash dividend instead of subscribing to new shares, this appears to be justified and appropriate.

In individual cases, it may be preferable to offer and prepare the granting of a scrip dividend without complying with the restrictions of Sec. 186 para. (1) AktG (minimum subscription period of two weeks) and Sec. 186 para. (2) AktG (notification of the issue

amount no later than three days before the subscription period expires). The Management Board shall therefore also be authorized to offer all shareholders entitled to dividends new shares for subscription against contribution of their dividend in compliance with the general principle of equal treatment (Sec. 53a AktG), but to formally exclude the shareholders' subscription rights altogether with the approval of the Supervisory Board. Carrying out the scrip dividend with the formal exclusion of subscription rights enables the Company to perform the capital increase on terms that are more flexible. In view of the fact that all shareholders will be offered the new shares and excess dividend partial amounts will be settled by paying the cash dividend, the exclusion of subscription rights also appears to be justified and appropriate in this respect.

6. Summary

Taking into account all circumstances, the respective authorization to exclude subscription rights within the described limits is necessary and in the interest of the Company and thus of its shareholders. The Management Board will exercise the authorization with the approval of the Supervisory Board. The conditions will be determined in due course in such a way that the interests of the shareholders and the interests of the Company are adequately safeguarded, taking into account the respective circumstances. The Management Board will report to the Annual General Meeting on each utilization of the authorization.

The written report of the Management Board pursuant to Sec. 203 para. (2) sentence 2 in conjunction with Sec. 186 para. (4) sentence 2 AktG on the authorization of the Management Board to exclude shareholders' subscription rights in connection with the resolution on agenda item 6 will be made available to shareholders from the date of convocation of the Annual General Meeting on the Company's website at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

Pursuant to Section 67 para. (2) sent. 1 AktG in the version applicable as per Section 26j para. (4) of the Introductory Law to the Stock Corporation Act (EGAktG), only those are considered shareholders in relation to the Company, who are entered into the share register. Accordingly, the number of voting rights to which a properly registered

shareholder is entitled at the Annual General Meeting is determined by the entry status in the share register on the day of the Annual General Meeting. For technical reasons, however, no changes will be made to the share register in the period from the end of June 16, 2022 (technical record date) until the end of the Annual General Meeting on June 23, 2022 (stop on changes). Therefore, the registration status of the share register on the day of the Annual General Meeting corresponds to the status after the last rewrite on June 16, 2022. The stop on rewrites does limit the right of disposal concerning the shares. However, purchasers of shares whose applications for registration are received by the Company after June 16, 2022 will not be able to exercise voting rights and other shareholder rights arising from these shares unless they are authorized or empowered to do so. In this case, voting rights and other shareholder rights shall remain with the shareholder entered in the share register until the share register is rewritten accordingly. All purchasers of shares in the Company who are not yet entered in the share register are therefore requested to submit applications in good time.

4. Procedure for voting by absentee vote (electronic)

Duly registered shareholders who are entered in the Company's share register on the day of the Annual General Meeting may cast their votes by absentee voting electronically. Prior to and also during the Annual General Meeting, the Company's AGM portal, which can be assessed at the following Internet address

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>

is also available to you for exercising your voting rights by means of (electronic) absentee voting. Please note, that the use of the AGM portal requires authentication by way of the access data which will be sent with the letter of invitation. Electronic absentee voting via the AGM portal will be available until the beginning of voting on the day of the Annual General Meeting. For this purpose, the "Absentee Vote" button on the AGM portal has been provided. Duly registered shareholders can also use the AGM portal to change or revoke any votes previously cast by absentee vote during the Annual General Meeting until the beginning of voting. Further information on absentee voting is provided in the letter of invitation to the General Meeting sent to shareholders.

In the case that multiple declarations received, the last vote received shall take precedence. If declarations that differ from one another are received via different transmission channels and it is not possible to identify which declaration was last submitted, the declarations submitted by e-mail will be taken into account, unless a vote is cast on the day of the Annual General Meeting via the AGM portal.

The casting of votes by absentee vote is limited to voting on the proposals for resolutions of the Management Board and/or the Supervisory Board announced in the invitation to the Annual General Meeting and proposals for resolutions of shareholders announced with a possible addition to the agenda in accordance with Sec. 122 para. (2) AktG. If no express or unambiguous vote is cast on an agenda item in the absentee vote, this will be counted as an abstention for this item on the agenda.

No other means of communication for absentee voting are available, in particular no sending of the absentee ballot by mail.

5. Authorization of a third party to exercise voting rights

Shareholders may also have their voting rights exercised at the Annual General Meeting by a proxy, for example an intermediary (e.g. a bank or other, also foreign, financial services institution), a shareholders' association or any other third party, after granting the appropriate power of attorney. Even in the case of representation by an authorized third party, the timely registration of the shareholder and, in addition their entry into the share register on the day of the Annual General Meeting are required as described above.

The granting of the power of attorney, its revocation and the proof of authorization vis-à-vis the Company require text form (Sec. 126b BGB) if neither an intermediary (e.g. a bank or other, also foreign, financial services institution) nor a shareholders' association or a person, institute, company or association treated as such pursuant to Sec. 135 para. (8) of the AktG is authorized to exercise voting rights.

If a power of attorney to exercise voting rights is issued to an intermediary, a shareholders' association or a person, institute, company or association treated as such in accordance with Sec. 135 para. (8) AktG, there is no text form requirement, but the declaration of power of attorney must be verifiably recorded by the proxy. It must also be complete and may only contain declarations associated with the exercise of voting rights. We therefore ask shareholders who wish to authorize an intermediary, a shareholders' association or a person, institute, company or association of the same kind pursuant to Sec. 135 para. (8) AktG to exercise their voting rights to agree on the form of the proxy with the person to be authorized.

If the shareholder authorizes more than one person, the Company may reject one or more of them.

Shareholders who wish to authorize a proxy are requested to use the form provided by the Company for this purpose. However, it is also possible for shareholders to issue a separate power of attorney. A corresponding proxy form for the granting of a power of attorney will be made available on the Company's website at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

The respective proof of duly authorization of a proxy (e.g. a copy of the power of attorney) must be received no later than **Wednesday June 22, 2022, 12 a.m. (midnight), 24:00 hours (CEST)**; such proof requires text form and must be sent by mail or electronically (via e-mail) to the following address:

DEAG Deutsche Entertainment AG
c/o Link Market Services GmbH
Landshuter Allee 10
80637 Munich
e-mail: namensaktien@linkmarketservices.de

In case a power of attorney is granted by means of a declaration vis-à-vis to the Company, an additional proof of the issued power of attorney is not required. The revocation of a power of attorney already granted may also be declared directly vis-à-vis to the Company using the aforementioned means of transmission, notwithstanding any other means of transmission permitted by law. On the day of the virtual Annual General Meeting, powers of attorney may only be issued, amended or revoked using the AGM portal until the beginning of voting.

Proxies cannot physically participate in the Annual General Meeting, but are limited to exercising voting rights as described in Section IV.4 of this invitation to the Annual General Meeting. They must therefore cast their votes as described above with respect to the shareholders themselves by absentee vote or by proxy and instructions to the proxies of the Company. The possibility of exercising shareholders' rights by an authorized third party by way of electronic connection via the AGM portal requires the authorized party to receive the access data for the AGM portal from the person granting the power of attorney. With regard to the exercise of the right to ask questions and to declare an objection, Section IV.7 and Section IV.8 of this invitation to the Annual General Meeting apply accordingly to authorized representatives of shareholders.

Further information on granting power of attorney to third parties can be found on the Company's website at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

6. Procedure for voting by proxies of the Company

In addition, the Company again offers its shareholders the option of authorizing proxies appointed by the Company who are bound by instructions. The proxies are obliged to vote as instructed; they cannot exercise the voting rights at their own discretion. Please note that the proxies can only exercise their voting rights on those items on the agenda for which shareholders have given clear instructions, and that the proxies cannot accept instructions on procedural motions either before or during the Annual General Meeting. If there is no explicit and unambiguous instruction, the proxy will abstain from

voting on the respective item to be voted on. If an individual vote is to be held on an item on the agenda, an instruction issued for this purpose shall apply to each individual sub-item. The proxy will not accept requests to speak, to ask questions, to make motions or election proposals, or to declare objections to resolutions of the Annual General Meeting.

Before and during the Annual General Meeting, you may exercise your voting rights by way of granting a power of attorney and instructions to the Company's proxies on the Company's website at:

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

The individual access data for the AGM portal will be provided to the shareholders with their personal letters of invitation to the General Meeting. The authorization of the Company proxies via the AGM portal is possible until the start of voting on the day of the Annual General Meeting. You can also use the AGM portal during the Annual General Meeting to change or revoke any previously issued proxy and instructions up until the start of voting.

A corresponding form to grant power of attorney and issue instructions to the proxy may be requested at the registration address and is also available at the Company's Internet address:

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

In any case, please remember to register your shares by **June 16, 2022, 24:00 hours (midnight) CEST**. If you use the proxy and instruction form, it must include your shareholder number, be sent exclusively to the following postal or e-mail address, and be received there by **June 22, 2022, 24:00 hours** (date of receipt) at the latest:

DEAG Deutsche Entertainment Aktiengesellschaft
c/o Link Market Services GmbH
Landshuter Allee 10
80637 Munich
e-mail: namensaktien@linkmarketservices.de

7. Possibility for the shareholders to ask questions

Based on the COVID-19 Act, the shareholders' right to information within the meaning of Sec. 131 AktG is restricted in the event of a virtual Annual General Meeting.

Pursuant to Sec. 1 para. (2) of the COVID-19 Act, duly registered shareholders only have a right to ask questions by way of electronic communication. Please note that only properly registered shareholders may submit questions. Any questions must be submitted until one day prior to the Annual General Meeting, i.e. by no later than **Tuesday, June 21, 2022, 24.00 hours CEST**, via the AGM portal accessible at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

The button "Submit a Question" on the AGM portal is provided for this purpose. No questions may be submitted after the deadline. For technical reasons, the scope of the individual question may be limited to a certain number of characters, but this does not limit the total number of possible questions. Questions submitted after the above-mentioned deadline cannot be considered. No questions may be asked during the virtual Annual General Meeting.

Pursuant to Sec. 1 para. (2) sentence 2 COVID-19-Act, the Management Board decides – in derogation of Sec. 131 AktG – which questions it answers and how to answer them based on its dutiful and free discretion. According to the explanatory memorandum to Sec. 1 para. (2) sentence 2 of the COVID-19 Act, the administration may combine questions and answer them jointly.

Kindly note, that when questions are answered, the name of the shareholder submitting the question may also be disclosed. When answering questions during the Annual General Meeting, the name of the person asking the question will only be disclosed (to the extent that questions are answered individually), if the submission of the question was accompanied by express consent to the disclosure of the name. The same applies to any early publication of questions and, if applicable, answers on the Company's website in the run-up to the Annual General Meeting: In this case, too, the name of the person asking the question will only be disclosed if he or she has expressly declared his or her consent to the disclosure of his or her name when submitting the question.

8. Filing of objections against resolutions of the Annual General Meeting

Shareholders who have exercised their voting rights by absentee voting or by granting power of attorney have the opportunity to object to the resolutions of the Annual General Meeting by electronic communication to the notary public appointed to record the Annual General Meeting.

Such declarations can be made – provided that a vote is cast – from the opening of the Annual General Meeting via the Internet-supported AGM portal at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>

to be recorded in the minutes in accordance with Sec. 245 no. 1 AktG. For this purpose, the button "Raise an Objection" is provided in the AGM portal. The declaration is possible via the Internet-based AGM portal from the beginning of the Annual General Meeting until the end of the Annual General Meeting. The notary public has authorized the Company to receive objections via the Internet-supported AGM portal.

IV. Shareholder Rights

Countermotions and election proposal by shareholders in accordance with Sec. 126 para. (1), Sec. 127 AktG; exclusion of the right to file motions during the Annual General Meeting

Due to the fact that the Annual General Meeting will be held in the form of a virtual Annual General Meeting without the presence of shareholders and their proxies and with the exercise of voting rights only via absentee vote or the granting of a power of attorney with instructions, without the electronic participation of shareholders, the right of shareholders to submit motions at the Annual General Meeting is legally excluded. Countermotions and election proposals within the meaning of Sec. 126 para. (1), Sec. 127 AktG and procedural motions may therefore not be made at the Annual General Meeting.

Nonetheless, shareholders are given the opportunity to submit countermotions and election proposals to the Company prior to the Annual General Meeting in accordance with Sec. 126 para. (1), Sec. 127 AktG for publication on the Company's website. Shareholders may send the Company countermotions to proposals of the Management Board and/or Supervisory Board on certain items on the agenda as well as nominations. Countermotions (Sec. 126 AktG) and nominations for election (Sec. 127 AktG) from shareholders on a specific agenda item must be sent exclusively to the address given below:

DEAG Deutsche Entertainment Aktiengesellschaft

Mr. Benedikt Alder

Potsdamer Straße 58

10785 Berlin

e-mail: hauptversammlung@deag.de

Countermotions addressed otherwise will not be considered. Countermotions may be provided with a statement of grounds; this does not apply to election proposals.

Proper countermotions and election proposals received by the Company at the above address by no later than the end of June 8, 2022, 24:00 hours (midnight) (CEST) will

be – subject to Sec. 126 para. (2) and (3) AktG – published including the name of the shareholder and a statement of grounds on the website at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>

without delay. Any comments by the Management and/or Supervisory Board will also be published under the aforementioned Internet address. The Company is not required to make a countermotion and its possible statement of grounds or an election proposal accessible if one of the exclusion criteria pursuant to Sec. 126 para. (2) AktG applies, for example because the election proposal or countermotion would lead to a resolution of the Annual General Meeting that would be contrary to the law or the Articles of Association, or because the statement of grounds contains false or misleading information. Furthermore, an election proposal does not have to be made accessible if the election proposal does not contain the name, practiced profession and place of residence of the proposed candidate as well as his or her memberships in other statutory supervisory boards. The statement of grounds for a countermotion does not need to be made accessible if it exceeds 5,000 characters in total.

Proposals or election proposals by shareholders, which are to be made accessible pursuant to Sec. 126 or Sec. 127 AktG, shall be deemed to have been made within the framework of the Annual General Meeting if the shareholder making the proposal or submitting the election proposal is duly authorized and has registered for the Annual General Meeting. This also applies to countermotions to items on the agenda, which have been placed there at the request of a minority of shareholders pursuant to Sec. 122 para. (2) AktG based on admissible and timely submitted supplementary applications to the agenda.

Requests to add items to the agenda pursuant to Sec. 122 para. (2) in conjunction with Section 124 para. (1) sent. 2 AktG

Shareholders whose shares in the aggregated amount to one-twentieth of the share capital or reach the proportional amount of EUR 500,000.00 may demand that items be put on the agenda and published. The request must be made in writing, must be

addressed to the Management Board of the Company and must be received by the Company no later than by the end of May 29, 2022, 24.00 hours (CEST) at the latest. Kindly address such requests to the following address:

DEAG Deutsche Entertainment Aktiengesellschaft
Management Board
Potsdamer Straße 58
10785 Berlin

Requests to add items to the agenda received at a later date or otherwise addressed will not be considered. The proposal must be signed by all shareholders who make up one-twentieth of the share capital or the proportionate amount of EUR 500,000.00. A statement of grounds or a proposed resolution must accompany each new item. The applicants must prove that they are holders of a sufficient number of shares for the legally required minimum holding period of 90 days prior to the date of receipt of the request and that they will hold these shares until a decision on the request is made (Sec. 122 para. (2), Sec. para. 122 (1) sentence 3 AktG and Sec. 70 AktG).

V. Documents for the Annual General Meeting and information

This convocation of the Annual General Meeting, the documents to be made available, motions and proposals by shareholders will be available from the day of this convocation on the Company's website at

VII. Technical information regarding the virtual General Meeting

You will need an Internet connection and an Internet-enabled terminal device to follow the virtual Annual General Meeting and to use the AGM portal and exercise shareholder rights. In order to be able to reproduce the video and audio broadcast of the Annual General Meeting optimally, a stable Internet connection with sufficient transmission speed is recommended. If you use a computer to receive the video and audio broadcast of the virtual Annual General Meeting, you will need a browser and speakers or headphones.

To access the Company's AGM portal, you will need your individual access data, which you will receive after duly registration. You can log in to the AGM portal with these access data.

In order to avoid the risk of restrictions on the exercise of shareholder rights due to technical problems during the virtual General Meeting, it is recommended - as far as possible - to exercise shareholder rights (in particular voting rights) **prior to the General Meeting**. Shareholders can access further information on the AGM portal and the registration and usage conditions on the Internet at

<https://www.deag.de/navi-bottom/investors/investor-relations/hauptversammlung/2022.html>.

VIII. Information on the availability of the audio and video transmission

Shareholders who have duly registered can follow the Annual General Meeting in full length live via video and audio broadcast. The video and audio broadcast of the virtual Annual General Meeting and the availability of the AGM portal may be subject to fluctuations based on current technological standards due to restrictions on the availability of the telecommunications network and the restriction of third-party Internet services, over which the Company has no influence. Therefore, the Company cannot assume

any warranties or liability for the functionality and constant availability of the Internet services used, the network elements of third parties used, the video and audio broadcast, or access to the AGM portal and its general availability. Nor does the Company accept any responsibility for errors and defects in the hardware and software used for the online service, including those of the service companies used, except in cases of intent. For this reason, the Company recommends that the above-mentioned options for exercising rights, in particular for exercising voting rights, be used at an early stage.
