

// DEAG OVERVIEW

COMPANY PROFILE

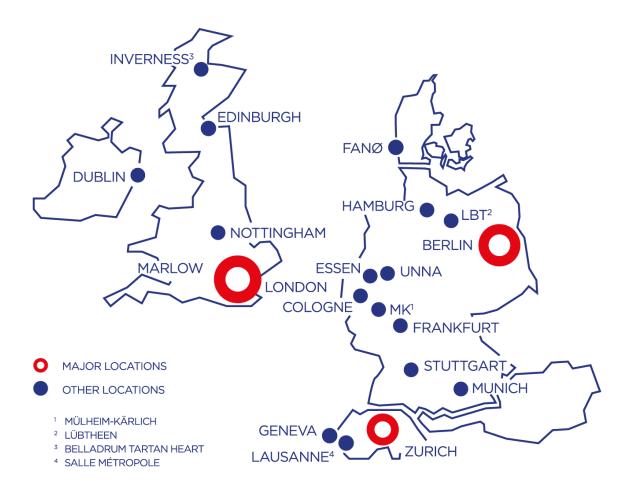

DEAG Deutsche Entertainment Aktiengesellschaft (DEAG), a leading entertainment service company and live entertainment provider, produces and promotes live events of all genres and sizes in Europe. With its group companies, DEAG has been present at 20 locations in its core markets of Germany, Great Britain, Switzerland, Ireland and Denmark. As a live entertainment service provider with an integrated business model, DEAG has extensive expertise in the conception, organisation, promotion and production of events.

Founded in Berlin in 1978, DEAG's core business areas today include Rock/Pop, Classics & Jazz, Family Entertainment, Spoken Word & Literary Events, Arts+Exhibitions and Ticketing. Live Entertainment for all generations including Arts+Exhibitions are important building blocks for the further development of DEAG's own content.

For more than 6,000 events, over 10 million tickets are sold annually for own and third-party content - a continuously growing share of these is sold via the Group's own e-commerce platforms myticket, gigantic.com and tickets.ie.

With its strong partner network, DEAG is excellently positioned in the market.

// LETTER TO THE INVESTORS

DEAR LADIES AND GENTLEMEN, DEAR INVESTORS,

DEAG can report on a successful first half of 2023 and is initiating the next period of its successful corporate expansion by setting a strategic course. Besides good figures and organic and inorganic growth, the basis for continuing our growth course is sufficient financial scope and a powerful team that will shape DEAG's future.

The year 2023 thus far can be characterised by a solid first half-year and a very positive start to the third quarter. We successfully staged many concerts, tours, festivals and events in the reporting period. These included concerts by Ed Sheeran, Sam Fender, Rod Stewart, Iron Maiden, Kiss and The Who as well as events for young and old like "Disney on Ice" as well as the world's most successful dance show "Riverdance." Our spoken word and literary events were also a great success, including the international literature festival "lit.COLOGNE" and Germany's largest philosophy festival "phil.COLOGNE." Furthermore, we had a very strong festival summer. Our open-air events in the genres EDM (Electronic Dance Music), Rock/Pop and Classics & Jazz drew a total of over 800,000 visitors between the end of June and the beginning of September and yielded earnings contributions that were above our expectations.

In the first six months of the current financial year, we recorded revenue of EUR 122.7 million, compared to EUR 133.4 million in the same period of the previous year and EUR 63.9 million in the pre-corona year 2019. Since 2019, DEAG has once again significantly expanded its portfolio and scope of business through targeted acquisitions of companies, events and in the ticketing sector. The companies acquired by DEAG in recent years are already making a significant contribution to DEAG's good development. Earnings before interest, taxes, depreciation and amortisation (EBITDA) were EUR 5.1 million compared to EUR 10.1 million in the same period last year. The main focus of the event density in the current business year is on the third quarter, whereas the focus in the previous year was on the second quarter. In addition, the previous year's figures were even more marked by funds from European funding programmes as well as by catch-up effects after the corona pandemic. We expect business to continue to pick up significantly in the second half of 2023. While the focus in the third quarter will be on major tours and festivals, our Christmas business with the successful "Christmas Garden" format with new locations in Karlsruhe and Leipzig, among other places, as well as our Christmas markets and Christmas circuses will be the focus of our business activities in the fourth quarter.

In view of our successful performance to date and our excellent organic and inorganic growth opportunities, DEAG confirms its annual targets for the full year 2023. We expect revenues of over EUR 300 million with a further improvement in EBITDA compared to the previous year. We want to sell more than 10 million tickets to around 6,000 events, compared to 9 million in the previous year. The majority of these tickets will be sold via our own ticketing platforms myticket, gigantic.com and tickets.ie.

In addition to organic growth and the expansion of our event formats and our event pipeline, we intend to continue and intensify our successful Buy & Build strategy of previous years in the current financial year and will continue to play an active role in the consolidation of the European market. We are confident that we will soon be able to welcome new companies to the DEAG family. The focus will be on further expansion in Europe as well as complementary acquisitions in the ticketing sector. We have secured the financing of our growth strategy through our robust financial position with available liquidity of around EUR 80 million as of 30 June 2023 and the successful placement of our Corporate Bond 2023/2026 at the beginning of July this year.

Building on our very good market position after a strong first half of 2023, DEAG is now embarking on the next period of its successful corporate expansion. The acceleration of further growth is also reflected in the composition of the Executive Board: I am pleased that the Supervisory Board has agreed to my personal request

to appoint Detlef Kornett as Co-CEO, so that we will lead DEAG as a dual leadership in the future. Kornett has been a member of DEAG's Executive Board since 2014 and will continue to head off the International Business Affairs and Marketing divisions.

Effective from October 1, 2023, David Reinecke will take on the position of Chief Financial Officer. He succeeds Roman Velke, who, after 5 successful years as CFO, is leaving the company at his own request with mutual consent. Velke will continue to support DEAG in an advisory capacity. Reinecke brings to the role extensive global management experience in Finance, particularly in capital markets and investor relations, garnered from his previous roles across cities such as New York City, Los Angeles, London, Frankfurt, and Munich. His most recent position was Director of Corporate Finance and CFO at the neobank N26. Previous career milestones include roles at Red Arrow Studios (ProSiebenSat.1), Credit Suisse, and Morgan Stanley, where he served as Vice President in the Investment Banking/M&A division and Chief Operating Officer of the Frankfurt IBD office.

As one of Europe's leading providers of live entertainment, DEAG is excellently positioned for further growth. With the course we have now set, we are leading DEAG into a new era of profitable growth. This will be characterised by innovation and expansion into new markets in Europe and in the ticketing sector.

Sincerely yours,

Prof. Peter L.H. Schwenkow

// DEAG ON THE CAPITAL MARKET

1.1 DEAG CORPORATE BOND 2023/2026

ISIN	NO0012487596		
WKN	A351VB		
Market segment	Freiverkehr (Open Market, Segment: Quotation Board)		
Term	3 years up to and including 12 July 2026		
Interest coupon	8.00 % p.a.		
Denomination (nominal amount)	EUR 1,000.00 per bond		
Outstanding volume	EUR 50.0 million		
Early repayment	Repayment at nominal amount plus interest accrued up to that date and a call premium depending on the timing of the call		

DEAG successfully placed the new Corporate Bond 2023/2026 (WKN: A351VB, ISIN: NO0012487596) with an issue volume of EUR 50 million at the beginning of July 2023. The bond is structured as a Nordic bond and is subject to Norwegian law. The annual fixed interest rate is 8.00% p.a. with a maturity of three years. The bond was included in trading on the Open Market of Deutsche Börse AG (segment: Quotation Board) on 12 July 2023. Within six months after issuance of the bond, the bond must also be included in the Nordic ABM, a self-regulated marketplace organised and operated by the Oslo Stock Exchange. The new bond completely replaces DEAG's Bond 2018/2023. The last trading day of this bond was 28 July 2023.

The issue was significantly oversubscribed. The extremely high demand for the 2023/2026 Bond was driven by institutional and private investors from Germany, Europe and beyond. The volume tendered for exchange in the exchange offer, including the multiple purchase option to the holders of the 2018/2023 Bond, comprised approximately 30% of the outstanding bond and was allocated at approximately 65%. The proceeds of the issue will be used to refinance the 2018/2023 Bond and will also be used to finance DEAG's organic and inorganic growth, including the acquisition of majority stakes in companies in the live entertainment industry. The issuance of the bond was accompanied by IKB Deutsche Industriebank AG and Pareto Security AS, Frankfurt Branch, as Joint Lead Managers.

1.2 DEAG CORPORATE BOND 2018/2023

The DEAG corporate bond 2018/2023 (WKN: A2NBF2, ISIN: DE000A2NBF25) was listed on the Open Market (segment: Quotation Board) of the Frankfurt Stock Exchange and traded at prices of around 100 % between January and the end of June 2023. The price of the bond on the Frankfurt Stock Exchange on 30 June, 2023 was 100.77%. The bond was repaid in full after the balance sheet date.

1.3 INVESTOR RELATIONS

In the reporting period, DEAG carried out various IR activities in addition to its statutory obligations in order to report transparently on its business development and prospects:

- Numerous one-on-one meetings with investors in Germany and abroad
- Publication of corporate news
- Regular quarterly reporting

Detailed information in the Investor Relations section can be found at www.deag.de/ir. DEAG Deutsche Entertainment AG provides continuous information on relevant business developments here. In addition, investors have access to a direct communication channel with the company at deag@edicto.de.

1.4 ANNUAL GENERAL MEETING

The Annual General Meeting for the financial year 2022 took place on 4 July 2023 in the "Meistersaal" in Berlin. DEAG's shareholders approved all agenda items with a large majority of more than 98%. Further information on the Annual General Meeting and the detailed voting results are available in the Investor Relations section of DEAG's corporate website.

1.5 FINANCIAL CALENDAR 2023

Nov: 30.

QUARTERLY FINANCIAL STATEMENT (9M)

// INTERIM GROUP MANAGEMENT REPORT

SIGNIFICANT OPERATIONAL DEVELOPMENTS

DEAG developed according to plan in the first half of the financial year and is on course to achieving its annual targets. In the first half of 2023, DEAG successfully staged a large number of festivals, concerts and tours as well as live events of all genres across Europe. These included spectacular concerts and tours featuring Ed Sheeran, Sam Fender and Limp Bizkit, events for the whole family such as "Riverdance" and "Disney on Ice" or literary festivals in the Spoken Word & Literary Events segment such as "lit.COLOGNE" and "phil.COLOGNE."

In the first half of the year, DEAG achieved revenue of EUR 122.7 million, compared to EUR 133.4 million the previous year. EBITDA was EUR 5.1 million (previous year: EUR 10.1 million), as expected. While the second quarter of the previous year was characterised by a high density of events, the focus in the current financial year is on the third quarter. In addition, the key financial figures of the previous year's period were influenced by catch-up effects from the corona pandemic and even more significantly by funds from European funding programmes. Revenue and earnings in the reporting period were significantly higher than in 2019, the last year before the corona pandemic. At that time, revenue and EBITDA were listed at EUR 63.9 million and EUR 3.1 million, respectively. Thus, the business volume has improved significantly compared to 2019.

DEAG successfully placed its new Corporate Bond 2023/2026 with a volume of EUR 50 million and an interest rate of 8.0% p.a. in full at the beginning of July 2023. The first day of trading for the new bond was 12. July 2023. The issue was significantly oversubscribed. The positive response from the capital market reinforces DEAG's corporate strategy. The Corporate Bond 2018/2023 was repaid in full after the balance sheet date.

The strong business development expected for the third quarter was realised, among other measures, by having a strong festival summer with more than 800,000 visitors at events in the genres EDM (Electronic Dance Music), Rock/Pop and Classics & Jazz between the end of June and the beginning of September. Compared to the previous year, the number of visitors thus increased by around 40%. The EDM- Festival "Nature One" and Festivals such as "Sion sous les étoiles" in Switzerland, "Kew the Music" in London, England, or the "Belladrum Tartan Heart Festival" in Scotland, which will take place for the 20th time in 2024, were also great successes. The majority of the tickets sold were sold, in part exclusively, via DEAG's own ticketing platforms myticket, gigantic.com and tickets.ie.

The signs are pointing to growth in all areas of the business. Besides the organic expansion of the event pipeline and event formats, M&A remains an important building block in DEAG's growth strategy. The company plans to intensify its M&A activities in the third quarter and beyond, with a focus on complementary acquisitions in the ticketing sector and expansion in Europe. The liquidity available as of the balance sheet date amounted to around EUR 80 million and increased again very significantly after the balance sheet date to over EUR 100 million due to the net inflow from the DEAG Corporate Bond 2023/2026 in July of this year.

EARNINGS POSITION

In the first six months of the financial year, the Group generated revenue of EUR 122.7 million, (previous year: EUR 133.4 million). The main revenue was generated in the second quarter: Here, revenue amounted to EUR 74.5 million after EUR 102.4 million in the comparable period of the previous year. The decline is mainly due to the shift in the timing of major events: while in the current year these are mainly held in the 3rd quarter, in the previous year they were held in the 2nd quarter. Compared to the 6-month period in 2019, the last year before COVID-19 pandemic, the Group's revenue almost doubled because of significantly expanded scope of business.

Gross profit is thus EUR 19.1 million, compared to EUR 20.8 million in the same period of last year.

Earnings before interest, taxes, depreciation and amortisation (EBITDA) in the reporting period amounted to EUR 5.1 million (previous year: EUR 10.1 million). The decline is mainly due to the decrease in revenues and the fact that the comparative period was even more marked by subsidies. Compared to the first half-year 2019, EBITDA rose by 65% or EUR 2.0 million. Although there were inflation-related cost increases in the reporting period, the EBITDA margin remained almost constant compared to 2019, which is predominantly due to strict cost management.

Depreciation and amortisation of EUR 5.6 million (previous year: EUR 4.7 million) was mainly attributable to leasing rights of use in the amount of EUR 2.6 million (previous year: EUR 2.3 million), depreciation and amortisation from purchase price allocations in the amount of EUR 1.4 million (previous year: EUR 1.2 million) and scheduled depreciation of property, plant and equipment in the amount of EUR 1.6 million (previous year: EUR 1.2 million).

EBIT in the reporting period thus amounted to EUR -0.5 million after EUR 5.4 million in the same period of the previous year.

The financial result amounted to EUR -2.4 million (previous year: EUR -2.7 million). It mainly includes the interest result of EUR -2.6 million (previous year: -2.2 million euros). As in the same period of the previous year, the application of IFRS 16 (lease accounting) accounted for EUR -0.9 million of this amount. Although interest result increased, financial result improved by EUR 0.3 million.

After taking tax expenses into account, the consolidated result after taxes was EUR -3.9 million (previous year: EUR 1.4 million) and the consolidated result attributable to DEAG shareholders was EUR -4.6 million, compared to EUR -1.0 million in the same period of the previous year.

DEVELOPMENT OF THE SEGMENTS

DEAG reports in an unchanged segment structure. This reflects the activities of the Group clearly and accurately:

The **Live Touring segment** includes the touring business and the **Entertainment Services segment** includes the regional business and the entire service business. Please refer to the Annual Financial Report as of 31 December 2022, the Notes to the Consolidated Financial Statements, Notes 4 and 7, p. 56ff. and p. 69ff. respectively for the allocation of the companies to the segments. In addition, A.C.T. Artist Agency GmbH, Media On-Line Management GmbH & Co. Classics Open Air KG and Media On-Line Management GmbH, all based in Berlin, have been fully consolidated in the Live Touring segment since 1 January 2023.

First half year at a glance:

Revenue in EUR million	6M 2023	6M 2022	Change from previous year
Live Touring	76.6	105.6	-29.0
Entertainment Services	58.5	31.0	27.5
EBITDA in EUR million	6M 2023	6M 2022	Change from previous year
	6M 2023 5.6	6M 2022 10.7	

The decline in both revenue and EBITDA in the Live Touring segment is mainly caused by timing of major tours and festivals: In regard to such events, current year's focus is on third quarter whereas in previous year, such events were mainly held in second quarter.

The increase in revenue and EBITDA in the Entertainment Services segment is mainly due to events such as "Riverdance" and "Disney on Ice," in addition to the successful Christmas Garden season 2022/23, which ended in January 2023.

ASSET POSITION

Total assets decreased by EUR 5.3 million or 2.0% to EUR 261.1 million (31 Dec. 2022: EUR 266.4 million) compared to the previous balance sheet date.

Current assets amount to EUR 121.7 million after EUR 126.1 million as of 31 Dec. 2022 and are thus down by EUR 4.4 million compared to 31 Dec. 2022. With an increase in down payments of EUR 20.0 million, cash and cash equivalents decreased by EUR 16.3 million. Conversely, current liabilities increased by EUR 7.5 million to EUR 188.0 million compared to 31 Dec. 2022 (31 Dec. 2022: EUR 180.5 million), mainly due to the increase in contract liabilities by EUR 6.1 million. The prepayment balance, defined as down payments less contract liabilities, is therefore EUR -32.3 million (31 Dec. 2022: EUR -46.2 million). Thus, the increase in contract liabilities is overcompensated for by the increase in payments made. The resulting net payment outflow is reflected accordingly in cash and cash equivalents and demonstrates the high event density, especially in the third quarter of 2023.

Non-current assets remained nearly unchanged compared to 31 Dec. 2022. Scheduled depreciation was offset by additions, mainly from the first-time consolidation of companies.

Non-current liabilities amounted to EUR 43.1 million (31 Dec. 2022: EUR 47.5 million). The decrease is mainly due to the change in other non-current financial liabilities.

Net debt, defined as the sum of gross financial liabilities (bond and liabilities to banks) less cash and cash equivalents, amounted to EUR -1.3 million (31 Dec. 2022: EUR -16.5 million). Here, too, the development of the prepayment balance as of the reporting date had a particular impact: while the gross financial liabilities remained virtually constant compared to 31 Dec. 2022, cash and cash equivalents decreased, mainly due to the payments made for events, which will mainly be held in the third quarter.

Equity decreased by EUR 8.4 million to EUR 30.1 million due to the consolidated result and dividends to other shareholders. The equity ratio is therefore 11.5% after 14.4% on 31 Dec. 2022 and 10.6% on 30 June 2022.

FINANCIAL POSITION

The cash outflow from operating activities (total) amounted to EUR 2.9 million, compared to EUR 26.2 million in the same period of the previous year. This is mainly due to the change in the prepayment balance in the previous year, which had decreased more strongly in the comparable period due to the sharp increase in the operating business after the elimination of the COVID-19 restrictions.

The cash outflow from investing activities amounted to EUR 2.6 million, compared to EUR 0.5 million in the same period of the previous year, and resulted mainly from investments in property, plant and equipment and intangible assets.

The cash outflow from financing activities amounted to EUR 10.0 million (30 June 2022: EUR 5.2 million). In addition to the cash outflows from leasing and interest and redemption payments for financial liabilities, the payments of dividends to other shareholders also had an effect in the reporting period.

As a result, cash and cash equivalents on 30 June 2023 decreased by EUR 28.9 million to EUR 58.5 million compared to 30 June 2022 (30 June 2022: EUR 87.4 million).

The available liquidity amounted to around EUR 80 million as of 30 June 2023 and increased again very significantly after the balance sheet date to over EUR 100 million due to the net inflow from the DEAG Corporate Bond in July of this year. Please refer to the comments regarding the Corporate Bond 2023/2026 in the section "DEAG on the Capital Market."

OPPORTUNITY AND RISK REPORT

At the time of preparing this Half-Year Financial Report, DEAG's Executive Board assumes that there are no risks that could jeopardise the continued existence of the company or the Group. However, it cannot be ruled out that influencing factors that are not yet known or are not currently classified as material could affect the continued existence of the company or the Group in the future.

For information on the risks and opportunities of the Group, please refer to the Opportunity and Risk Report on page 32 et seq. of the Combined Management and Group Management Report contained in the Annual Financial Report as of 31 December 2022.

The statements made in the Opportunity and Risk Report in the 2022 Annual Financial Report continue to be considered accurate.

FORECAST REPORT

Due to the first half of the year proceeding according to plan and the positive start to the strong third quarter of 2023, and assuming that expectations for the fourth quarter will be met as planned, the Executive Board of DEAG assumes at the time of preparing this Half-Year Financial Report that the annual targets — revenue of over EUR 300 million with a further improvement in EBITDA — will be achieved. To this end, DEAG plans to sell more than 10 million tickets for around 6,000 events in 2023.

FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements based on current assumptions and forecasts made by DEAG's management. Such statements are subject to risks and uncertainties. These and other factors may cause the results, financial position, performance or achievements of the company to be materially different from any future results, performance or achievements that may be expressed or implied by such forward-looking statements. The company assumes no obligation to update such forward-looking statements or to conform them to future events or developments.

// SELECTED EXPLANATORY NOTES

NOTES PURSUANT TO IAS 34

These Interim Consolidated Financial Statements, comprising the Consolidated Balance Sheet, the Consolidated Income Statement, the Consolidated Statement of Comprehensive Income, the Condensed Consolidated Statement of Cash Flows, the Condensed Consolidated Statement of Changes in Equity and Selected Explanatory Notes, have been prepared in accordance with the IFRSs applicable to interim financial reporting issued by the IASB, as adopted by the European Union, and the Interpretations issued by the IFRS Interpretations Committee (IFRS IC), as endorsed by the IASB, and the applicable requirements of the WpHG.

The Interim Consolidated Financial Statements as of 30 June 2023 do not contain all the disclosures and information presented in the full Consolidated Financial Statements. It is recommended to read them together with the Consolidated Financial Statements as of 31 December 2022.

The accounting, consolidation, currency translation and recognition and measurement principles applied in the Consolidated Financial Statements as of 31 December 2022 were essentially retained.

For further information, please refer to the Notes to the Consolidated Financial Statements included in the 2022 Annual Financial Report (see pages 52-69).

The new and amended standards and interpretations did not have any effects on the asset, financial and earning positions.

For selected information on the segments (IAS 34.16A), we refer to the section "Development of the segments" of the Interim Group Management Report in this Quarterly Financial Statement.

This report has not been audited and has not been reviewed by an auditor.

CHANGES IN THE SCOPE OF CONSOLIDATION

In these Interim Consolidated Financial Statements DEAG, as the parent company, includes those companies for which the control concept is fulfilled. Companies that were founded, acquired or sold during the reporting period are included from the date of foundation, the date of acquisition or until the date of sale.

Tour and event promoter A.C.T. Artist Agency GmbH, Berlin, as well as the Classic Open Air at Gendarmenmarkt promoter, which were acquired in the previous year, and named Media On-Line Management GmbH & Co. Classic Open Air KG and Media On-Line Management GmbH, both based in Berlin, were included in the Consolidated Financial Statements for the first time in the reporting period within the framework of full consolidation.

There were no other changes to the scope of consolidation in the reporting period.

The preliminary purchase price allocations listed in the Annual Financial Report for the shares in companies acquired in financial year 2022 (see Annual Financial Report, the Notes to the Consolidated Financial Statements, p. 75ff) had not yet been completed as of the quarterly reporting date and were therefore taken into account unchanged as of 31 December 2022 with preliminary figures.

SUPPLEMENTARY REPORT

DEAG successfully placed its Corporate Bond 2023/2026 (ISIN NO0012487596) with a volume of EUR 50.0 million in July 2023. The bearer bonds with a nominal amount of EUR 1,000 each have a term of three years. The annual fixed interest rate is 8.00%. The proceeds from the issue will be used to continue DEAG's growth course and was used to refinance the Corporate Bond 2018/2023. The holders of the Corporate Bond 2018/2023 ((ISIN

DE000A2NBF25) have received a corresponding exchange offer with a multiple purchase option. Further information on the Corporate Bond 2023/2026 is available on the company website under the heading www.deag.de/ir/corporate-bond.

The company's founder and CEO Prof. Peter L. H. Schwenkow and Detlef Kornett will lead the company together as co-CEOs in the future. Kornett will continue to head off International Business Affairs and Marketing at DEAG and, together with Prof. Schwenkow, he will oversee Corporate Strategy and drive further growth.

Effective from October 1, 2023, David Reinecke will take on the position of Chief Financial Officer. He succeeds Roman Velke, who, after 5 successful years as CFO, is leaving the company at his own request with mutual consent. Velke will continue to support DEAG in an advisory capacity. Beyond this, in the view of the Executive Board, no significant events occurred after the end of the reporting period as of 30 June 2023 that could have a significant impact on DEAG's earnings, asset and financial positions.

OTHER DISCLOSURES

DEAG held its Annual General Meeting on 4 July 2023 in the Meistersaal in Berlin. The Executive Board and Supervisory Board were discharged for the past financial year and the shareholders passed resolutions regarding the election of the auditor for the current financial year as well as various amendments to the Articles of Association (including the future holding of virtual Annual General Meetings, the virtual participation of members of the Supervisory Board and the composition of the Supervisory Board). Furthermore, the Annual General Meeting voted on the conclusion of a profit and loss transfer agreement between mytic Myticket AG, Berlin, and the parent company.

All resolutions of the Annual General Meeting were passed by a large majority. Detailed information is available on the company website in the Investor Relations section.

Other explanatory notes required by IAS 34.15 ff. are not relevant or of only secondary importance. There have been no material changes since 31 December 2022.
